

PARADISE DATACOM APPLICATION NOTE

EVOLUTION SERIES SOFTWARE UPGRADE OVER THE ESC USING FILEZILLA

EVO_AN_018

Unzip contents of the upgrade file to a new directory on your PC. (Should contain [ulmage](#) & [cf.img.gz](#)
Please note the [cf.img.gz](#) will still be a zipped file and should remain so).

Open FileZilla (a free download from <http://filezilla-project.org/>) and navigate to your new directory where the software has been unzipped.

Ensure the transfer type is set to [Binary](#)

Connect to the modem; type the Modems M&C IP address within the FileZilla address bar. User name is [upgrade](#) and there is no password.

Perform binary FTP transfer of the unzipped files to [/new_root/imgupload](#) directory. Please refer to the Power Point FileZilla configuration document for detailed setup and configuration of FileZilla.

Once the files have been successfully transferred to the Modem, return to the Telnet session and at the \$ prompt type: [dougrade](#)

Modem will now upgrade and then reboot.
